

Artist Impressions and Details of Friendly Streets pilots

Ang Mo Kio Street 31

New raised zebra crossing between Blocks 318 and 348 for pedestrians to get around more easily and safely

Street signs and green road surface markings when entering and driving along Friendly Streets to remind drivers to slow down

Bukit Batok West

Street signs and green road surface markings when entering and driving along Friendly Streets to remind drivers to slow down

New signalised crossings at Bukit Batok Street 31/32 junction. At existing crossings, pedestrians will have shorter waiting times for Green Man activation and get more time to cross the road.

Lor 1A & 2 Toa Payoh

Street signs, green road surface markings and road humps when entering and driving along Friendly Streets to remind drivers to slow down

Street signs, green road surface markings and road humps to remind drivers to slow down

Tampines Ave 9

Street signs and green road surface markings when entering and driving along Friendly Streets to remind drivers to slow down

Upgrading and relocation of bus stop fronting Block 484 to cater for new kerb-less crossing between the Neighbourhood Centre (Central Courtyard) and Residential Cluster (Butterfly Walk)

West Coast Road
